Hello Brian,

I wanted to update you on the homeless outreach today at City Hall East. I first want to thank you for coordinating the police support during this effort along with getting resources such as LASAN to support with transporting the belongings of homeless individuals to the storage bins. I wanted to send you a final update on the number of homeless individuals contacted and informed about the filming production, along with the number of individuals who accepted and transported to crisis housing (shelter).

\*

Homeless Engagement Team (HET) contacts: 35 individuals (All contacted individuals were informed that a film permit will be in effect from Jan 17th, 2019 at 15:00 until Jan 19th, 2019 at 09:00.)

\*

Individuals accepted and transported to crisis housing: 10 individuals

\*

Individual transported to Storage Bin with aid from LASAN: 1 individual

Also note, I personally spoke and updated the head of security for the production company who had the special event police support present our efforts in informing individuals about the filming permit that is taking place. I did ask what would take place if an individual or a group of individuals who don't leave the permitted area during the production? The head of security along with the police supported stated that as long as individuals are not in interference of the production (in the shot) then the security will not remove them. He also stated that if they need to use a location where an individual or a group of individuals are located, they will compensated them to leave the immediate location (set location). I also left my contact information to him in case anybody reaches out to him and requested services.

Again, thank you for the effort today.

Respectfully,

Matthew A. Tenchavez
